Flights Of Fancy: The Great Fantasy Films

Kenneth Von Gunden

In-depth analyses are presented of 15 superior films, each one representing a subgenre of fantasy cinema—Beauty and the Beast, Conan the Barbarian, The Flight of Dragons, and dragon movies. These films are chosen to illustrate the various subgenres of fantasy cinema and to provide insights into the cultural and historical contexts in which these films were produced. The analysis of each film includes an examination of its narrative, character development, and visual effects, as well as an exploration of its thematic and cultural significance. The book is a must-read for anyone interested in the history and evolution of fantasy cinema.
