Planning And Managing School Facilities

Theodore J Kowalski

Manage School Facilities More Efficiently - SchoolDude
Theodore Kowalski addresses the administrative procedures associated with planning and managing school facilities. Practitioner interest in school facilities has increased as the number of schools has grown and the percentage of the operating budget for facilities planning and management has increased. The purpose of school facilities management is the application of scientific methods in the planning, organizing, decision-making, co-ordination and control of the physical plant and personnel. The following study guides provide the key principles and concepts necessary for effective strategic planning and management.

Planning Guide for Maintaining School Facilities, NCES 2003-347, prepared by T. Szuba, Joan Hubbard, Facility Management Consultant, St. Louis, Missouri. Facilities Planning and Management Facilities Planning and Management.
