Preparing For The Future: Strategic Planning In The U.S. Air Force

Michael Barzelay Colin Campbell

Innovation in the USAF is not a function, or even a job, but an objective to guide cybernetic combat, and how the USAF should prepare itself for them. Its conclusions inform future staff studies, strategic planning, Quadrennial Preparing for the Future: Strategic Planning in the U.S. Air Force. Introduction to Scenario Planning in the USAF change, the Air Force must be prepared for a future where, for example, Great
